Notice for Parents

If your child has become unwell in the last few days and you would like urgent advice please contact the surgery and we will arrange for a clinician to speak to you and if necessary to see your child that day. This could save you an unnecessary trip to A&E or walk in centre. Can we also make you aware of the Little Orange Book which, provides expert help for parents and carers on how to manage common problems in babies and small children. Please ask for a copy.

Remember

consult

The practice is now live for **e-consultations**.

If you visit our website- <http://www.chopwellmedicalpractice.nhs.uk/>

A box will automatically appear on the screen of our home page. You can ask for help with a specific problem or condition, ask for general advice if you are not sure what your symptoms mean or request for administrative help for things like sick notes etc. You will be asked the same questions a doctor would ask in a face to face appointment. You would just fill out a simple form to get advice and treatment by the end of the next working day and you might not even have to come into the surgery. You can do it anytime, anywhere, even on your mobile.
